10/10/02	R02-01-011	Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.
----------	------------	---

**Summary:** On October 7, 2002, William Booth, counsel for the California Large Energy Consumers Association (CLECA), met with Kevin Coughlan, advisor to Cmmr. Peevey, in San Francisco. Also present was Dr. Barbara Barkovich, consultant to CLECA. Written materials (attached to the notice) were used. With respect to the bond charge proposed decision (PD), Booth stated that the exemption of residential sales below 130% of baseline from participation in the bond charge recovery is very problematic. With respect to the direct access (DA) fee PD, Booth stated that there are several matters that could be improved. Booth and Dr. Barkovich stated that the PD appears to be little confused about the nature of the information that will be available from the Department of Water Resources' revenue requirement showing and that it leaves the impression that DA customers may have to pay a pro rata share of such costs. Dr. Barkovich discussed a number of implementation issues having to do with the adjustments necessary to the Navigant model to allow calculation of an indifference fee for the prospective periods. Booth suggested that it may prove less difficult to estimate the fee using a backcast for a 12-month recorded period.

**Summary:** On October 8, 2002, William Booth, counsel for the California Large Energy Consumers Association (CLECA), attended an all-party meeting with Cmmr. Brown in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, Lara Krannawitter, advisor to Cmmr. Duque, Kevin Coughlan, advisor to Cmmr. Peevey, and other parties. Written material (attached to the notice) was used. Booth

stated that while the issues in this proceeding are complex, it is possible to reach a reasonable conclusion with respect to the direct access (DA) fee. Booth urged the Commission to provide as much specificity as possible in the decision so that the task of implementing the fees through workshops might be simplified. Booth expressed a preference for use of a 'backcast' method of developing the indifference fee for the 15-month period ending 12/31/02 and for future periods. Booth also discussed the appropriate cap on all of the exit fee for DA customers. Booth stated that while the combination of exit fees are certain to exceed a 2.7 cent cap in 2003, that is not a surprise nor should be alarming.

10/11/02      R02-01-011      Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

**Summary:** On October 8, 2002, John Leslie, attorney for Callaway Golf Company (Callaway), attended an all-party meeting with Cmmr. Brown in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, and other attendees listed on the attachment to the notice. Leslie stated that Callaway has been a direct access (DA) customer on the San Diego Gas & Electric Company system continuously from July 2000 to the present. Leslie noted that Callaway has never relied upon purchase from the Department of Water Resources (DWR). Leslie stated that Callaway supports the treatment of continuous DA customers that is recommended in both the proposed decision and Cmmr. Wood's alternate. Leslie indicated that continuous DA customers such as Callaway should be exempt from all DWR exit fees, including both bond-related costs and ongoing purchased power costs.

**Summary:** On October 8, 2002, Rick Morrow, Vice President of Customer Service Major Markets for San Diego Gas & Electric Company (SDG&E), attended an all-party meeting with Cmmr. Brown in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, Kevin Coughlan, advisor to Cmmr. Peevey, Steve Weissman, advisor to Cmmr. Wood, Lynne McGhee and Laura Krannawitter, advisors to Cmmr. Duque, Mark Ward, Regulatory Project Manager, and Jeff Trace, Business and Economics Advisor, for SDG&E, Paul Szymanski, Attorney, for Sempra Energy, Leslie Katz, Regional Vice President, and Billy Blattner, CPUC Relations Manager, for Sempra Energy Utilities. Morrow stated that SDG&E cannot support either the proposed decision (PD) or the alternate. Morrow stated that both the PD and the alternate are patently unfair to SDG&E's customers. Morrow argued that the PD is illegal because it would require the utilities to finance a substantial undercollection of amounts owed to the Department of Water Resources. Morrow described the harsh and inequitable consequences of a utility-specific exit fee for SDG&E's customers which

could total an estimated 17 cents/kWh. Morrow stated that the solution is to adopt a statewide levelized exit fee.
